

Administering and Troubleshooting Meraki MV Cameras v2.0 (MER-MV)

Administering and Troubleshooting Meraki MV Cameras v2.0 (MER-MV)

This 2-day instructor-led course provides students with the skills to configure, optimize, and troubleshoot a Cisco Meraki solution. Students will learn how to install and optimize Meraki Cameras. Students will also learn how to configure the Meraki Dashboard, troubleshoot and configure the Meraki environment and learn how to diagnose and resolve user and Network issues that may arise.

How you'll benefit

This class will help you:

- Master installation and optimization of Meraki Cameras
- Understand the Meraki Dashboard, troubleshoot and configure the Meraki Environment

Why Attend with Current Technologies CLC

- Our Instructors are in the top 10% rated by Cisco
